

CNR International
Murchison Platform Decommissioning Stakeholder Workshop
14 March 2012

Overall Aim:

To provide an opportunity for stakeholders to hear and give feedback on the plans to date for the Murchison platform and to inform development of the decommissioning programme in the light of stakeholder reflections.

Objectives

- Brief participants on:
 - Murchison platform context, decommissioning approach and plans.
 - Progress of studies to date and indications of decommissioning options and likely issues and challenges for the platform.
- Review the approach to decommissioning and engagement with stakeholders.
- Collectively discuss the issues and challenges faced by decommissioning the Murchison platform.
- Gain feedback from participants on the proposed decommissioning option(s) in particular any perceived “gaps” in technical studies to date and priority issues for further consideration.

AGENDA

- The Environment Council will facilitate this workshop -

09:00	Arrivals & Coffee
